## *My Personal God Box*

*Why should I get a personal God Box?*

- We all have problems we would like to solve or eliminate.
- We have probably tried various means to fix it or have tried to suppressed it.
- Now it's time to try God!
- Your own personal **God Box** allows you to turn your problem over to God.
- "Write your problem down on your personal notepad to God and deposit it into your personal **God Box**. Then, COMPLETELY "Let Go and Let God!"
- By getting your personal **God Box** from our group, you help us raise funds for our great projects.
- Your one time investment will give you a personal **God Box** that will last you a life time.

*We thank you for giving us the opportunity to help you grow closer to God and for helping our group.*
